The above numbers come from actual production records which recorded the details as shown. The highest number shown on these records was 748010 on July 31, 1927 but does not mean that was the terminal number. We have seen a sales record of 1927 listing the sale of a new 1927 coupe bearing the engine number C-748039.

As a matter of interest we have been able to account for 15,900,312 Model T Ford engines in total world production.

People frequently ask for Model T paint colours. The following are correct colours \*taken from Ford of Canada records,\* for the early Model T's:
